

Patents

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of:

D'AMATO ET AL.

Serial No.: 09/780,650

Filed: February 12, 2001

For: ESTROGENIC COMPOUNDS AS  
ANTI-MITOTIC AGENTS

Examiner: B. Badio, Ph.D.

Art Unit: 1616

SUBMISSION OF ART

Assistant Commissioner for Patents  
P.O. Box, 1450  
Alexandria, VA 22313-1450

Sir:

Applicants submit herewith copies of various printed publications in support of the referenced application. The documents are itemized below.

Applicants respectfully submit that these printed publications show that the diseases that appear in Table 1 of the present specification were known by those skilled in the art to be associated with and/or mediated by angiogenesis. Therefore, a person skilled in the art would appreciate that a composition that inhibited angiogenesis could be used to treat any of the diseases disclosed in these printed publications to be associated with and/or mediated by angiogenesis.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, Virginia 22313-1450, on July 28, 2003.

Robert E. Richards - Reg. No. 29,105
